

WORTH *the* WHILE

SMOKERS & GRILLS 2020-21

**WELCOME TO THE
FASTEST WAY
TO SLOW DOWN.**

OUR MANIFESTO

We believe everything is more valuable when you go the extra mile.

When you give more in how you live, work and play, you get more. Always. The truth burns inside us, strong and steady like a hot ember that never fades.

We believe that there's merit in doing things the right way. That something crafted with care is better than something cookie-cutter. And that the tried-and-true ways are truly special.

In a world that's gone and gotten itself in a big hurry, we stand up for slowing down. Because with all the madness out there, happiness is right here. With the ritual of the prepping and dry rubbing. With the smoke and the smell. With the warmth and the waiting. And with the hands of the clock vanishing before friends and family appear for the feast.

We believe the extra effort isn't extra at all, it's essential. For meals so good they have nothing to prove. And for flavor that needs no spokesperson.

We gladly put in the work, because that's how we turn out the most worth. At Oklahoma Joe's, we understand that takes a little while.

So come and spend some time with us.

WORTH *the* WHILE

**WE GO THE EXTRA MILE
FOR A PELLET EXPERIENCE
DONE RIGHT**

The Oklahoma Joe's® Rider DLX Pellet Grill goes big on all the right details for unmatched versatility and the rich wood-fired flavor Oklahoma Joe's is known for. It has two distinct cooking guidance features, a massive temperature range of 175°-650°F (79°-343°C) and an impressive 1,200+ square inches of cooking space.

FEATURES & SPECIFICATIONS

- Pit Control System offers smarter cooking with two distinct guidance features: Timer Mode indicates when you've reached a set amount of time at your desired grill temp, and Temp-Probe Mode indicates when your food has reached its target internal temp
- Sear Mode can fire up red-hot temps over 650°F (343°C)
- Flex Grate and Flex Racks Systems integrate easily for superior versatility, allowing for a wide variety of configuration options (additional accessories and racks sold separately)
- Tall-body smoke chamber allows for more capacity, with a 578 square-inch porcelain-coated cast-iron grate and two adjustable 328 square-inch upper racks
- Fueled by all natural hardwood pellets for rich wood-fired flavor
- QuickDraw Hopper with 20lbs (9.0kg) capacity enables simple removal, storage and swapping of pellet flavors
- Heavy-gauge steel construction for durability
- Removable ash cup for easy clean-ups
- Rubber handle is easy to grip
- Dual smokestacks for increased air flow and more even heat gradient
- Modular front shelf and towel bar included for food prep and convenient tool access
- Wagon-style wheels and casters for easy mobility

SMOKE OR GRILL HOW YOU LIKE

Our LONGHORN COMBO CHARCOAL/GAS SMOKER AND GRILL

Smoke or grill how you like with the Oklahoma Joe's® Longhorn Combo Charcoal/Gas Smoker & Grill. Equipped with both a charcoal and gas grill chamber and an attached offset firebox, this multi-purpose smoker and grill allows you to barbecue your way. Built with durability in mind, porcelain-coated cast-iron grates and heavy-gauge steel construction ensures easy cooks and delicious food every time.

FEATURES & SPECIFICATIONS

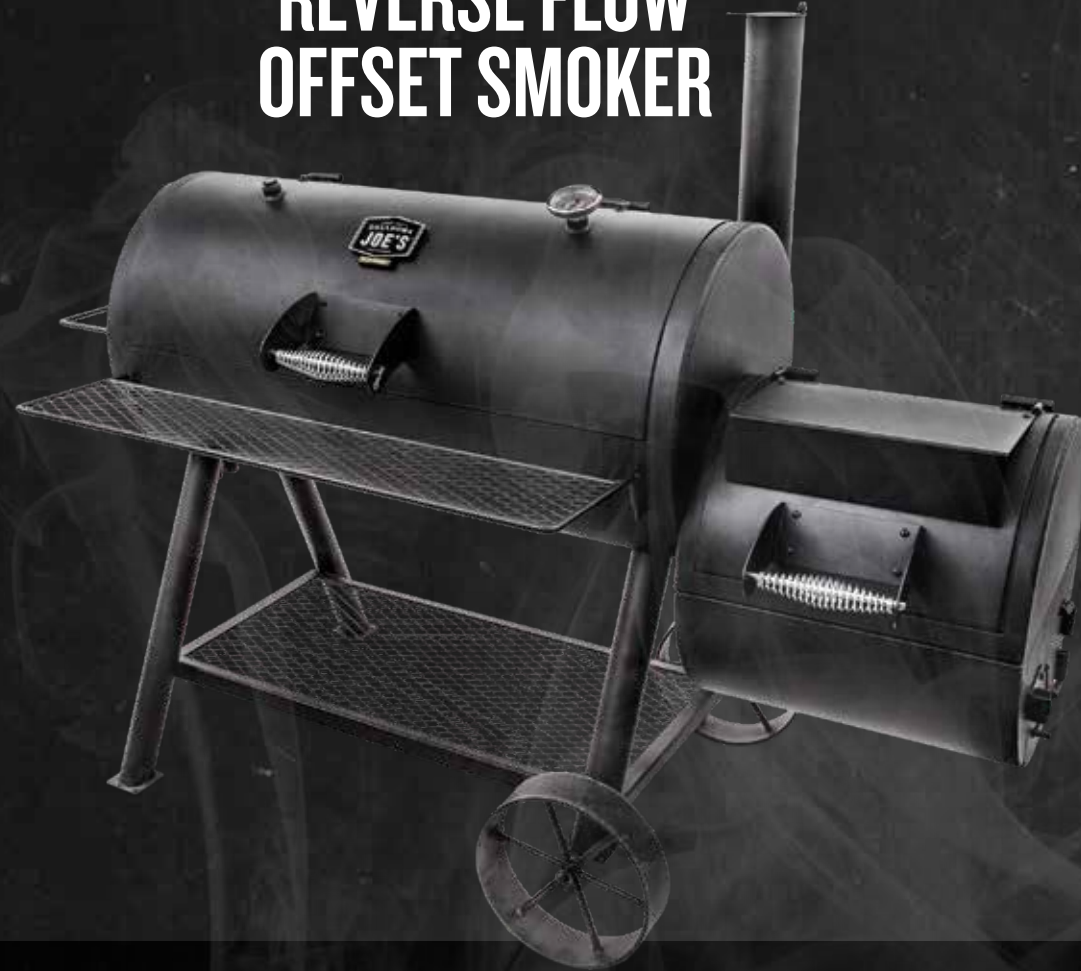

- Separate cooking chambers for high-capacity smoking, charcoal grilling or gas grilling
- Multiple adjustable dampers regulate heat and smoke
- Gas grill chamber features three separate burners, each equipped with 12,000 BTUs
- One 12,000 BTU side burner is perfect for a frying pan or a pot with barbecue sauce
- 750-square-inches of primary cooking space; 310-square-inches of secondary cooking space
- Porcelain-coated cast-iron cooking grates resist rust
- Cool-touch handles protect your hands from the heat
- Professional temperature gauge for accurate monitoring in both cooking chambers
- Firebox door with air damper for added convenience and easy clean-up
- Bottom metal shelf lets you keep cooking utensils or extra fuel close-at-hand
- Large, wagon-style wheels for easy mobility
