# ABOUT UNITED BARREL GRILLS

United Barrel Grills (UBG) is the world leading manufacturer and distributor of barrel based grills and smokers. Founded in Holland in 2013, UBG now owns 2 brands with 9 models and distribution to both small and big retail clients in over 35 countries worldwide.

With a specialty to customize our grills we can create any design with a specialty in licensed models (sports teams, beer brands and more)

In 2019 we proudly present our first smoker to the DrumGrill family. Each model is easy to operate and adds a special spark to your evening.

# BARRELQ® BIG COR-TEN® STEEL

The BarrelQ COR-TEN® Steel is made of special steel containing copper and is intended to rust. After having been left outside for a few weeks, your BarrelQ obtains a super nice brown-orange, rusty colour. It's a living BarrelQ! You don't need a cover with this model, which makes life even easier. In addition, the lifespan of BarrelQ COR-TEN® steel is extra long because the first layer of corrosion prevents further corrosive attacks. And the more you abuse it, the prettier it becomes. You have to feed it with love, water and fire!

# BARRELQ® ACCESSORIES

At UBG we don't develop new accessories just for the looks. They really need to add something to your barbecue experience. Next to our water resistant covers and heat resistant aprons we will be launching new accessories in 2019 to add to your BarrelQ Big or Small.

With our re-designed Cor-Ten® steel basket you can now add different accessories to the basket to extend the functionalities.

As you can expect from us, only the best is good enough.

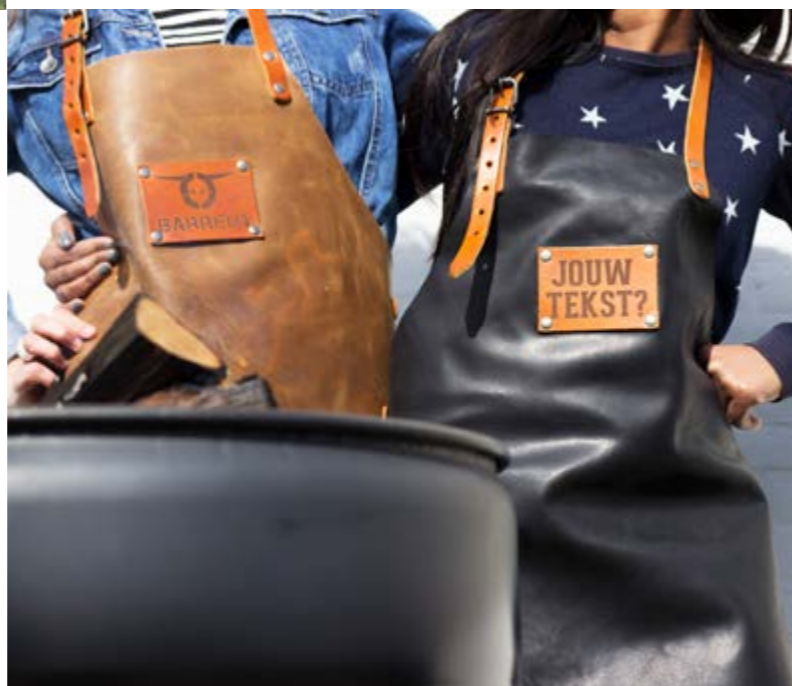

## BARRELQ® COVERS

To serve and protect your BarrelQ. Our covers are 100% waterproof and made of high quality 600d polyester. Comes in both sizes for our original BarrelQ's.

## BARRELQ® APRON CUSTOMIZE WITH YOUR OWN LOGO

The BarrelQ apron is the only apron you should be wearing when grilling on a BarrelQ. The leather comes from The Netherlands, has a brown tan and a black finish. The straps are made of Italian cognac leather. All the studs and buckles are also from Italy and are completely nickel free. The apron can withstand sparks and heat. **100% Leather, handmade in Holland and one size fits all.**
